Charlie P - I have loved learning about the Alps in geography and the dangers of them.

Max - I love that PE in rotation is now outdoors, and we can do lessons such as sprinting and relay.

Arthur - in maths, we have been doing percentages of amounts, and I love understanding them, so I know how to use it in sales and when shopping.

Emma - My favourite this term has to be the twisted fairy tales. I liked being creative and coming up with our own stories that we could then share.

Amy - Our recent biographies have helped me learn more about the people that inspire me most and that has been fun.

Evelyn - Our new topic of ancient Greece has been so interesting. I now can compare modern and ancient Greece.

Mrs Miller's message

What a lovely way to end the week with our Year3 class assembly, where the children proudly shared some of the learning that has been taking place this term. It was wonderful to see their confidence and enthusiasm as they presented to us all.

It was a pleasure joining the Year 3 class and the rest of lower key stage 2 on their trip to Celtic Harmony Camp last Friday. The children participated with great enthusiasm, and it was lovely to see them bringing their learning to life in such a practical and engaging way.

Our Year 6 children enjoyed their first breakfast session this morning in preparation for their SATs next week. A big thank you to Shuk for ensuring we are able to organise this each year. I know that due to the hard work and commitment of our Upper Key Stage 2 team, our Year 6 children are well prepared for the week ahead. I wish them all the very best with their tests. Please ensure that children arrive by **8:20am** each morning so they can join the breakfast session and take the time to prepare for the day with their teachers.

I wish you all a lovely weekend.
